Happy Birthday, Madame Chapeau 2014-09-02

an eminently stylish tale from the creators of Ada Twist, Scientist. The New York Times bestseller that's now a Netflix series. Publishers Weekly: In a three-story house with a shop down below lived the world's finest hat maker, Madame Chapeau. Like the lady herself, all her hats were refined, brilliantly singular. One of a kind. So begins the tale of a lonely hat maker who matches customers to the perfect hat but lacks her own perfect match in life. Once a year on her birthday, Madame Chapeau ventures out in her favorite bonnet to dinner. This time a crow snatches her hat and flies away. As she chases the crow through the streets of Paris, a baker, a policeman, and others offer her their own hats to wear. None of them are quite right. Until one special little girl offers her a hat knitted with love and her best birthday wish. This delightful and very stylish story about love, community, and friendship with some fancy hats thrown in for good measure! Beatty carries the bounces and lilts to the very last page. Roberts' colorful, exaggerated hats, many of which are modeled on real designs, whimsically adorn the multicultural, Parisian public. The underlying suggestion that no one is as alone as they believe is lovely enough, but the fun of reading this aloud elevates it even more. Kirkus Reviews
