it to be great fun educational resource for teachers parents and kids the black word search puzzle was a concept that was developed from the question how do you integrate history into ordinary activities as it goes the idea arose and an african american oriented word search puzzle began its long process of creation over time i began to play with the idea of graphics and came up with the icon of the african pick or comb which seemed appropriate in that it lent itself to a double meaning when placed in this context the word search puzzle being a combing through process the black word search puzzle isboth an entertaining and educational word game that gives players young and old an opportunity to learn about a bit of black history and african geography recent growth accelerations in africa are characterized by increasing productivity in agriculture a declining share of the labor force employed in agriculture and declining productivity in modern sectors such as manufacturing to shed light on this puzzle we disaggregate firms in the manufacturing sector by size using two newly created panels of manufacturing firms one for tanzania covering 2008 2016 and one for ethiopia covering 1996 2017 our analysis reveals a dichotomy between larger firms that exhibit superior productivity performance but do not expand employment much and small firms that absorb employment but do not experience any productivity growth we suggest the poor employment performance of large firms is related to use of capital intensive techniques associated with global trends in technology word
